

**June 3 -  
August 23,  
2019**

**12 one-week sessions  
Ages 3 - 17**

Half-day Morning  
and Afternoon Sessions  
9:30-12:00 and 12:30-3:00

Full-day Sessions  
9:30-3:00

Late Afternoon Classes  
3:15-5:15

**Disconnect from Devices  
and Reconnect with Nature**

413 Maplewood Avenue, Wayne, Pennsylvania 19087

**610-688-3553** ■ [wayneart.org](http://wayneart.org)

Now in its 35th year, Wayne Art Center's Summer Art Camp offers art classes in a relaxed, supportive environment that combines serious learning with serious fun! This year's theme, Nature and Art: Connecting with Our World, invites artists ages 3-16 to discover the world around them for creative inspiration.

With more than 100 classes to choose from, parents can tailor the camp experience for their child. Grouped by age, campers are presented with a variety of media as they build skills in drawing and painting, ceramics, collage, sculpture, jewelry making, fashion design, photography and more! Nestled in Wayne along the Radnor Trail and home to seven of its own gardens, Wayne Art Center offers an ideal location for outdoor exploration, while spacious, light-filled, air-conditioned classrooms provide safe and comfortable surroundings for campers.

# What Summer Art Camp Offers

## Early Drop Off & Lunch Bunch

Early Drop Off (9:00 - 9:30 am) and Lunch Bunch (12:00 - 12:30 pm) allow for flexible schedules.

## Friday Art Shows

Camper artwork is featured at the end of each camp session, letting campers share their creations with family and friends.

## Theatrical Productions

Join us in one of our beautiful galleries throughout the summer as drama classes present innovative theater productions.

## Summer Entertainment Series

Wayne Art Center presents a free Family Entertainment Series during the summer for campers and their families. Guest artists share their artistic talents and experiences with the community.

## Scholarships

Our goal is for summer art camp to be accessible to everyone. A limited number of scholarships are available for those who qualify.

## Summer Art Camp T-Shirt

Campers receive a free camp t-shirt to design for each class in which they enroll.

## Private Art & Music Lessons

Schedule additional lessons that can be customized to your child's availability and interests.

## A Fresh Experience for New and Returning Campers

### **Week 1: June 3-June 7** **Magnificent Mountains**

From the Colorado Rockies to Australia's Great Divide, campers climb mountain ranges around the world pulling inspiration from the textures, animals, and landscapes overlooking our world. Create mountain goats from clay while exploring the Yukon Territory in Canada, or replicate landscape paintings by Paul Cezanne and artists from the Hudson River School. Campers will love kicking off the summer on top of the world!

### **Week 2: June 10-14** **Glorious Grasslands**

Venture into the savannahs and prairies to call on golden grains, active animals and wildflowers for creative inspiration. Campers create sculptures of animals in African grasslands, recreate the European countryside after studying Van Gogh's spirited paintings, or create fiber arts and pottery fashioned after the crafts, clothing, and functional objects developed by Native Americans inhabiting our Mid-western prairies. No matter what medium they choose to work in, the world's grasslands offer campers bountiful beauty to pull from.

### **Week 3: June 17-21** **Welcome to the Jungle**

Participants peel back the layers of the rainforest to discover tall trees reaching for the light, tiny tree frogs and even tinier creatures upon which they prey. Based on their findings, campers create a fashion line that incorporates the textures and colors of rainforest flora, paint jungle scenes inspired by the works of Henri Rousseau or learn to take crisp outdoor photographs, a skill that will carry into all their summer adventures.

### **Week 4: June 24-28** **Delights of the Desert**

Barren and solitude as deserts are, campers find beauty in the driest regions of the world. From Georgia O'Keefe's soft Southwest flowers and sharp animal skulls to Frederic Remington's paintings of the wild west, to the hieroglyphs, pyramids, and sculptures of Ancient Egypt, the week leaves campers in awe of all the life and beauty they uncover.

### **Week 5: July 1-3** **Arctic Lights, Arctic Nights**

Take a break from the summer heat and explore the wildlife, fjords, glaciers, forests, and waters of the northernmost regions in the world.

Campers create unique patterned fabric in a sewing class inspired by Norwegian aesthetics, sculpt arctic foxes, icebergs, or beasts from the Arctic deep, and paint landscapes based on the powerful photography of Ansel Adams. Regardless of which class they enroll in, all campers have a chance to see just how cool the Arctic can be.

### **Week 6: July 8-12** **Wonders of Water**

Dive into oceans, wade through wetlands and rediscover rivers while examining the ecology of water bodies around the world. Monet's waterlily paintings, the graphic waves of Japanese printmaker Hokusai, and the land art installations of Andy Goldsworthy showcase colors, patterns, and materials found in the sea, and inspire campers as they integrate water into their work.

## Week 7: July 15-19 The Sky's the Limit

From birds, bugs and butterflies that fly in the sky to Saturn's shimmering rings, there are no limits to how far campers reach this week. Upon an audit of Audubon's prints, a study of Van Gogh's *Starry Night*, or consideration of Alexander Calder's mobiles, campers paint their own masterpieces, sculpt flashy fowl or make model airplanes. Perhaps they'll step outside to paint the wide open skies or construct clay aliens from Mars. This week artistry soars as we consider everything in the sky!

## Week 8: July 22-26 Into the Woods

Bark and branches, bears and beehives, the woods are full of unique textures, shapes, and colors that campers call on to ignite creativity. Discover Frank Lloyd Wright's architectural masterpiece, *Falling Water*, inspired by the Pennsylvania forest in which it was built and learn about the Whipsnade Cathedral made from trees in England. Create tree spirits from clay, find the beauty and color of nature as land artist Walter Mason did, or create a painting of trees in the style of Gustav Klimt. Become enveloped in the green glow of the trees this week and discover the quiet wonders of the world's forests.

## Week 9: July 29-August 2 Spectacular Cityscapes

Skylines and storefronts inspire young travelers as they commute from city to city studying skylines and architecture around the world. Whether replicating Faith Ringgold's story about a family in NYC through intricate quilt art, modeling a sculpture after the architecture of Frank Gehry, or painting a soulful depiction of life in the city like Hopper and Pissaro, campers experience the urban life at the core of great cities.

## Week 10: August 5-August 9 The Secrets of Gardens

Get down and dirty during a week of herbaceous investigation while discovering the plants and creatures that live in gardens. Create sculptures inspired by 16th-century Dutch tulip paintings or paint en plein air, and capture the impressionistic styles of Monet and Renoir. Whether they are exploring burrowing bugs or Parisian flower gardens, campers leave with a greater appreciation for all that grows in the garden.

## Week 11: August 12-16 Island Adventures

Island living offers more than coconuts and palm trees! Sure some campers paint, collage and print bright colorful works based on the Hawaiian Islands, while others draw inspiration from the giant Moai statues on Easter Island, or the magnificent Tahitian paintings of Paul Gauguin. But projects based on Great Britain's bridges, the mammals of Madagascar or any number of less recognized islands could certainly pop up.

## Week 12: August 19-23 Uncover the Underground

Our summer concludes with subterranean studies! Campers journey to the Lascaux Caves in France, where they discover the earliest attempts at human communication through art, before heading to China to visit the Terracotta Warriors once buried deep in the earth's soil. We'll also consider the underground world as it exists today, learning about subway graffiti artists such as Keith Haring and Andy Warhol, the transportation systems that keep commuters moving, and even the insects and animals that call the underground home.

## Animal Drawing and Painting 8+

With 12 weeks of camp dedicated to 12 different habitats and environments around the world, artists have an opportunity to study, draw and paint more animals than ever before! Students bring photos of their favorite animals, or find one in class, and learn the basics of drawing using simple shapes and lines to capture structure and movement. Multiple media will be incorporated to add fur, scales and other characteristics to make student work come alive on paper.

## Architectural Drawing +10

Aspiring designers and engineers enjoy learning the fundamentals of perspective points while studying two- and three-dimensional techniques in architectural drawing. Draft drawing, measurements, and grid layouts are applied.

## Art Explorers 7-9

Art Explorers are ready for more artistic freedom and exploration. With a new theme each week, campers may find themselves making paper or printmaking like the Japanese masters, drawing or painting mountainous landscapes, or building three-dimensional projects using clay and tile. Art Explorers combines traditional art materials

with a more advanced study of the natural world, resulting in an entirely fresh approach to artistic creation.

## Art of the Masters 9+

Aspiring artists explore the styles and techniques of influential artists before creating their own masterpieces. Artist investigation varies based on weekly themes, allowing each camper to reacquaint themselves with familiar artists and discover new ones. Campers dedicate several days to a few key projects, and by week's end, boast frameable work they can be proud of.

## Art from Nature 8+

Like artists Andy Goldsworthy and Patrick Dougherty, campers use sticks, twigs and objects found in nature to create outdoor and indoor sculptures, 2D nature paintings and found object works of art. Artists walk the Radnor Trail to find materials, then learn to weave baskets, make dream catchers, and build twig structures big enough to nest in. This class is contingent on the weather.

## Book and Papermaking 9+

Discover bookmaking as an art. First spend time outdoors, collecting organic and recyclable materials that can be used to create paper, then learn creative techniques for binding pages, using thread, wire or other interesting materials. Each camper leaves with at least one handmade book.

## Budding Artists 3-4

Mixing and matching mediums, including paint and paper, crayons and clay, our youngest campers create original works they'll be proud of. Just like the big kids, our budding artists explore a new environment each week, before composing and crafting work based on what they learn. Our early childhood teachers combine just the right amount of making and moving, to keep young artists engaged and energized all session long!

*Note: all budding artists must be potty trained!*

## Cartooning 7+

Learn to draw funny faces and silly scenes incorporating the tips and tricks of cartooning, including the use of exaggeration to make characters come to life and tell a story. Campers work from well-known cartoons, reference pictures, and their own imaginations!

## Creative Drama 6+

Studios become stages as campers learn all aspects of play production, from reading scripts and remembering lines, to expressing emotion through acting, and creating sets and props, all in a safe and accepting environment where kids of all skill levels can build confidence and creativity. The week concludes with a short performance for parents and other campers.

## Digital Photography 10+

Photographers study the basics of light, composition, and camera functionality, including using macro and zoom lenses, to capture sharp details and beautiful imagery. Following a week in the studio and on location in Wayne Art Center's gardens and the Radnor Trail, students present and discuss their work at the end of each session. Students must bring their own DSLR camera to camp.

## Drawing and Painting 8+

Campers build on artistic skills using charcoal, pencils, and paint! Projects include studying still life, self-portraits, en plein air painting (painting outdoors), and transforming reality into abstraction through art.

## Draw, Paint, Collage 8+

Campers gain exposure to a number of media this week as they study composition, perspective and shading using pencil and charcoal; paint in the garden 'plein air' style or try their hand at portrait painting inspired by the great masters; and explore abstract shape cutting while considering the elements of design to create collage.

## Drawing FUNDamentals 7+

Have fun while learning the basics (and beyond) of drawing! Use pencils, pen and ink, markers, oil pastels and other drawing tools to turn simple lines and shapes into amazing artwork. Campers study work from well-known artists for inspiration and build skills in drawing forms, animals and people.

## Fantasy Drawing 7+

After a survey of fantasy fiction literature, campers draw on their own limitless imaginations to create magical characters and settings based on myths, fairy tales and science fiction. Aspiring illustrators can combine an afternoon of fantasy drawing with a morning of cartooning, or multiple weeks of fantasy drawing, to create their own graphic fantasy story.

## Felting and Fiber Arts 10+

Explore the field of fiber art as you create your own felted "forest and friends." Students explore the natural surroundings of Wayne Art Center to gather inspiration and natural materials. These will be used to create a three-dimensional felted forest scape with accompanying wet felted animals.

## In THE KITCHEN 10+

In this hands-on culinary class, aspiring chefs prepare new recipes every day, while learning about kitchen safety, proper food handling and nutrition. Working at their own pace in small groups, campers learn essential cooking techniques that will serve as the foundation for a lifetime of culinary exploration. Chefs invite guests to a tasting on the final day. At the end of this session, each student leaves with a cookbook full of recipes they will enjoy sharing at home.

## The Graphic Novel 10+

Campers who have already begun to explore cartooning take their interest to the next level, as they begin to combine art with storytelling. After reading and reviewing several graphic novels, artist authors "write" their own stories, considering dialog and scenes in which to place their characters.

## Just Let Me Perform 8+

Learning the basics of acting on a stage, aspiring actors work on small scenes and speeches to bring out inner star. Become the character you've always wanted to be on stage and bring that back into your daily life.

## Knitting and Weaving 10+

Explore the oldest form for creating fabric, rugs and clothing with this hands-on class dedicated to knitting and weaving...with and without man made tools. Fiber arts campers explore the gardens and trail surrounding Wayne Art Center and collect natural materials they will incorporate into woven works.

## LEGO Robotics 8+

Using LEGO MINDSTORMS hardware and software, aspiring engineers explore the limitless world of robotics and engineering as they build and program their own robots. At the end of the week, campers demonstrate new skills through a competitive exhibition!

## Minecraft Mania 8+

Minecraft software is designed to teach 3D creativity and basic engineering skills. Campers collaborate with other Minecraft enthusiasts to build cities, stadiums and buildings from scratch. Based on experience and ability, campers learn different aspects of the game to expand their designs. Campers work on building modern marvels and basic circuitry within the game. Upon camp conclusion, campers take work home.

## Mudworks 6+

Campers dig deep into the history of clay and even deeper into their imaginations as they sculpt decorative and functional ceramics. From rolling slabs, creating coils, and utilizing glazes, this camp involves participants in each step of the ceramics process as they develop ideas from their imaginations and eventually place their work into the kiln to be fired.

*Note: Bring a box on the last day to take home finished projects and be prepared to return in approximately one week to pick up the rest.*

## Passion for Fashion 9+

Wayne Art Center's very own Project Runway! Students work from inspiration to present a final collection. Each camper creates a color palette, chooses seasonal fabrics and learns to draw the figure to express their fashion ideas. Fashionistas create a signature accessory to compliment their line and present their collections at a final critique and show.

## Plein Air and Garden Landscape Painting 10+

Artists take their canvases and paints outside to enjoy the fresh air! This class is all about learning new skills in composition, mixing paints and using tools to achieve gorgeous effects. Students learn about plein air painters and how to work with outdoor elements while taking a fresh look at the landscape and recording what they see.

## Portrait and Still Life 10+

Campers learn how to compose objects for still life, observe faces for portraits, and incorporate proportion, structure and expression into drawings and paintings. Each class begins with a demo to introduce a new concept and techniques, then students pursue individual works.

## Pottery: Hand and Wheel 9+

Learn hand building, wheel throwing, and glazing skills in this popular ceramics class while creating functional and sculptural forms. The first few days are spent building pieces, then campers experiment with design and colorful glazes for the remainder of the week.

*Note: Bring a box on Friday to bring home finished pieces, and be prepared to return in a week to pick up final projects.*

## Preschool Art Adventure 4-5

Specifically designed for campers preparing for Kindergarten, Preschool Art Adventurers utilize familiar mediums including paint, markers, pastels, and clay. Campers begin to recognize lines, shapes, textures, and colors throughout the world, and incorporate them into their art, while developing hand-eye coordination, as well as fine motor and social skills.

## Rainbow Express 5-6

Exploring white top mountains, deep green and golden grasslands, blue seas and more, Kindergarten-aged campers find color in every corner of the world. Utilizing new mediums including acrylic paint, pastels, and clay, mini-makers attempt more advanced two- and three-dimensional art forms, such as drawing and painting, printmaking, paper mosaic, sculpture and paper mache.

## Sew Fun 9+

Learn the basics of sewing on a machine with Wayne Art Center instructors! From pillowcases to cute headbands, or even a colorful beach bag, there is no shortage of creative projects kids can create with a small amount of fabric and basic notions. Campers learn to cut simple patterns and sew using standard seam allowances to make beautiful useable pieces. Hand sewing skills are taught for attaching buttons, adding trim, and other closures and embellishments.

*Note: All materials, including fabrics, patterns, and notions are included. Campers may bring additional fabrics for final project, based on instructor direction.*

## Summer Stage 10+

Aspiring thespians learn professional acting techniques, work behind the scenes, and create costumes, backgrounds and props during this one-week intensive introduction to the world of creative drama. Whether they let loose as an actor, or prefer to focus on what it takes to be a stage manager, everyone gains insight into the world of performance!

## Three-Dimensional Landscapes 10+

Campers incorporate a variety of mediums to create three-dimensional landscapes. Painted backdrops, paper mache mountains, silken skies, and clay animals...the possibilities are limited only by their own imaginations. Throughout the week, campers learn about scale and perspective, as well as the organisms and structures found in various habitats around the world, which they consider as they approach their three-dimensional creations.

## Video Game Design 8+

Discover the simplicity of designing games and apps with just a mouse. From character and level design to programming, everything is done visually. Designers use Clickteam Fusion software to create games with super-realistic physics, from gravity to complex object interactions, ropes and particles. Campers make their first game in less than one hour!

## Young Chefs 8+

In this hands-on culinary class, aspiring chefs prepare new recipes each day, while learning about kitchen safety, proper food handling and nutrition. Working at their own pace in small groups, campers learn essential cooking techniques that will serve as the foundation for a lifetime of culinary excitement! There will be a tasting for families on the last day. At the end of this session, each student leaves with a cookbook full of recipes they will enjoy sharing at home.

## WEEK 1: JUNE 3-7

### Magnificent Mountains

9:30AM-12:00PM	age	price
Budding Artists	3-4	\$235
Rainbow Express	5-6	\$235
Mudworks	6+	\$245
Young Chefs	8+	\$255
Draw, Paint, Collage	8+	\$235
12:30-3:00PM	age	price
Rainbow Express	5-6	\$235
Mudworks	6+	\$245
Pottery: Hand & Wheel	9+	\$245

**ALL TEEN CLASSES ARE FOR AGES 12 AND OLDER**

### **TEEN: Art of the Masters**

Aspiring artists explore the styles and techniques of influential artists before creating their own masterpieces. Artist investigation varies based on weekly themes, allowing each camper to reacquaint themselves with familiar artists and discover new ones. Campers dedicate several days to a few key projects, and by week's end, boast frameable work they can be proud of.

### **TEEN: Book and Papermaking**

Discover bookmaking as an art. First spend time outdoors, collecting organic and recyclable materials that can be used to create paper, then learn creative techniques for binding pages, using thread, wire or other interesting materials. Each camper leaves with at least one handmade book.

### **TEEN: Digital Photography**

Photographers study the basics of light, composition, and camera functionality, including using macro and zoom lenses, to capture sharp details and beautiful imagery. Following a week in the studio and on location in Wayne Art Center's gardens and the Radnor Trail, students present and discuss their work at the end of each session. Students must bring their own DSLR camera to camp.

### **TEEN: Drawing and Painting**

Master drawing in perspective and create light and volume with paint! This class is all about fostering individual perspective to create drawings and paintings based on daily still life setups. Campers use the same materials as professional artists, including charcoal, ink, oil and chalk pastels, and various paints.

### **TEEN: Fundamentals of Painting**

Participants receive instruction in drawing and painting designed to increase visual awareness of light, shadow, and form to give the illusion of depth. Early classes emphasize open, tonal (charcoal) drawing. Then, working from reproductions of well-known paintings, campers discuss what the artist did to achieve the result, observing composition and technique. Students should bring still-life objects that interest them to work from.

### **TEEN: Jewelry Workshop**

Using soldering and non-soldering techniques of jewelry fabrication, as well as basic sawing and filing, campers create unique and personalized jewelry. Projects change each week, and emphasis is placed on new skills and techniques, so campers continually learn throughout the summer. No previous jewelry experience necessary. *Note: Please do not wear loose clothing or jewelry to class, tie back long hair & wear sneakers. All materials included.*

### **TEEN: Master Chefs**

Even campers new to the kitchen can become masters of the kitchen. In this hands-on culinary camp, aspiring chefs learn to design menus, develop recipes, and prepare new dishes each day, while learning about kitchen safety, proper food handling and nutrition. At the end of this session, campers work as a team to create a restaurant concept and serve a feast to their guests, and each student leaves with a cookbook full of recipes they can prepare at home.

### **TEEN: The Outdoor Landscape**

Explore the elements that make up a landscape painting...color, depth, light and shape. Wander thru the gardens and choose one or two settings to paint "plein air" (French for "open air"). All works will be painted on canvas, using acrylics. All materials are included.

### **TEEN: Stone Carving**

In this exciting hands-on class, young sculptors uncover beauty hidden within nature, as they carve their own works of art. After an investigation of historical sculpture from around the world and a thorough lesson on safety, campers transform a block of stone into three-dimensional art just like the Renaissance masters! Using chisels and hammers to cut and shape, then sanding to a smooth finish, every camper leaves feeling like a true artisan.

### **TEEN: Wheel Throwing**

Take wheel throwing skills to the next level in this week-long intensive ceramics course! Whether just starting or well acquainted to wheel throwing, this class teaches new tricks and techniques to make functional pots, bowls, cups and plates. Young ceramicists discover rules of centering and pulling clay to make functional items, as well as learn about glazes and the firing process.

### **TEEN DRAMA: Love and Fun in Shakespeare**

Shakespeare is often described as the greatest playwright in Western history. Yet, his works all too often come across as stuffy, formal and boring. In this class, students discover the fun and lighter side of Shakespeare, learning the skills to perform some of the funniest scenes in theatre history. Take a chance on Shakespeare and you will learn to express yourself through laughter and fun.

## SUMMER TEEN ages 12+

### WEEK 2 : JUNE 10-14 Glorious Grasslands

time	age	price
<b>9:30AM-12:00PM</b>	12+	\$235
TEEN: Drawing and Painting	12+	\$235
<b>12:30-3:00PM</b>	12+	\$245
TEEN: Jewelry Workshop	12+	\$245

<b>3:15-5:15PM</b>	12+	\$200
TEEN: Wheel Throwing	12+	\$200
TEEN: Master Chefs	12+	\$210

We look forward to welcoming your child to Wayne Art Center this summer. As we work to instill a love for art in our campers, we promise each day offers new experiences in a safe, fun environment. To ensure all campers and parents get the most out of our summer art camp, we ask that you review the following Policies and Procedures closely, prior to your child's first day of camp. If you have any questions about our policies or if there is anything we can do to help make your camp experience more enjoyable, please contact our Camp Director Tessa Downs at [camp@wayneart.org](mailto:camp@wayneart.org) or 610-688-3553 x 208.

## Membership

Wayne Art Center is member supported, therefore, an up-to-date individual or family membership is required to enroll in all camps. Memberships are valid from September 1 through August 31 each calendar year. For membership information, please call 610-688-3553 for details or visit [wayneart.org](http://wayneart.org).

## Registration

Camp registration forms are available online or upon request from Wayne Art Center. Completed forms may be e-mailed, hand-delivered or mailed, and should be received at least one week prior to the start of each camp session. **Please be aware that camp sessions do fill quickly, therefore early registration is strongly recommended.** Registrations are reserved on a first-come, first-served basis. Class space will not be reserved until full payment is received. Decisions to cancel classes based on enrollment are made **THREE DAYS** prior to each camp start date.

## Payment

Payment is due in full upon registration. Wayne Art Center accepts cash, check, Visa, MC, AMEX or Discover Card for all tuition and membership payments. Receipts for registration and payment are emailed, so please be sure that Wayne Art Center has your most recent email address on file. This receipt serves as your confirmation of enrollment.

## Class Cancellations

Wayne Art Center reserves the right to cancel camp classes due to insufficient enrollment. If a camp is canceled, families will be notified at least three days prior to the start of camp. An alternate camp will be offered. If there is no class available that suits your family's needs, a 100% refund will be made in the form in which it was received, in a timely manner. While it is rare in the summer, in the event that a class is canceled due to unavoidable circumstances, an alternative class will be offered or a refund will be issued for the date of cancellation.

## Withdrawal from Camp

Wayne Art Center understands that scheduling changes happen. Camp withdrawals made at least 10 days prior to the start of camp will be granted and a credit will be made to your account. **All withdrawals are subject to a 10% processing fee.** Transferring between camps at least 10 days prior to the start of a camp session will be granted at no charge.

## Student Absences

No credits, adjustments or make-ups will be offered for student absences due to illness or personal emergencies. Should a student become ill/injured prior to the start of a camp session for which they are enrolled and it is impossible for them to attend, Wayne Art Center will allow the child to transfer to an alternate camp session. A physician's note may be required.

## Scholarships

Wayne Art Center offers a limited number of scholarships based on financial need. Scholarship requests must be submitted in writing, at least 30 days prior to the class start date to Wayne Art Center's Executive Director, Nancy Campbell at [info@wayneart.org](mailto:info@wayneart.org). For information on how to submit a request, please call 610-688-3553.

## Medical Forms

Wayne Art Center strives to provide a safe and fun environment for all campers. It is crucial to your child's well-being that Wayne Art Center have up-to-date medical information on file prior to their first day of camp. The Camper Information Form is available at [wayneart.org/medical-release](http://wayneart.org/medical-release), or you may request a hard copy by contacting our office at 610-688-3553 or by email at [info@wayneart.org](mailto:info@wayneart.org).

If your child has allergies and uses an Epi-pen or another auto-injector, please provide a copy of their Allergy Action Plan.

**The Camper Information Form must be completed prior to the start of class. We can not admit any child without these forms on file.**

## Medications

All medications, including Epi-pens and asthma/allergy inhalers, must be placed in a bag clearly marked with the child's name and instructions for administration, and should be given to/picked up from the teacher each day.

## Emergency Contact Information

It is imperative that every camper have an Emergency Contact form on file. Please complete and return the Emergency Contact Form prior to your child's first day of camp.

## Classes

- Morning classes: 9:30am to 12pm
- Afternoon classes: 12:30-3pm
- Late Afternoon classes: 3:15-5:15pm

Please respect our teachers' need to fully prepare to welcome your child, and do not arrive to class more than five minutes prior. Please also be prompt in picking up children, and if you will be more than five minutes late, please notify our Office at 610-688-3553. \*Please see note under Transportation and Pick-Up regarding children not picked up at the end of their camp class.

## Drop-Off Procedure

All children under the age of 10 are to be dropped off and picked up in the classroom each morning/afternoon. If your child has permission to walk/ride bike to Wayne Aer Center we will need a signed approval form stating this information on file with the office. All children under the age of six are to be signed in and out of their classroom each day, no exceptions will be made. Thank you for your cooperation in ensuring the safety of all of our campers.

## Transportation and Pick-Up

All parents must complete the transportation section of the Camper Information Form for each child, which includes all individuals with permission to pick up your child. Children must be picked up by the individuals noted on this form. If your child will be picked up by anyone other than the individuals identified on the registration form, Wayne Art Center must be notified by the parent in writing, and must include the class your child is enrolled in, the date(s) of alternate pick-up, the name of the person authorized to pick up your child(ren), and a phone number at which they can be reached.

**If a child is not picked up at the end of the camp class in which they are enrolled, the following steps will be taken:**

1. The child will be reassured that he/she will be taken care of and their parents have been delayed for some reason. The child will be kept occupied.
2. Parents will be contacted on work, home, and on cell phone numbers until they are reached.
3. If parents cannot be reached, we will call an emergency or alternative number. We will alert the staff who will be picking the child up. The child will wait in the front office.

## Early Care

Early Care is available each day from **9-9:30 am** at a cost of **\$35 per week, per child**. No campers will be admitted to Wayne Art Center prior to 9 am. If you arrive early, you must stay with your child until early care begins.

## Snack and Lunch Bunch

All camp classes will take a 15-minute supervised snack break halfway through class.

Lunch bunch is available from **12-12:30 pm each day** at a cost of **\$35 per week, per child**. Lunch bunch is included for full-day students.

Students enrolled in Lunch Bunch will be supervised until **12:30 pm** during which time they will eat lunch and play in our children's garden (weather permitting). Full-Day students will be escorted to afternoon classes by Wayne Art Center staff or volunteers.

## Electronic Devices

Wayne Art Center requests that campers not bring phones or electronic devices to camp. If a camper must bring a cell phone to camp, it must stay in a backpack and be switched to quiet during the camp day. Should you need to reach your child during the camp day, please contact our Office at **610-688-3553**.

## Food

Each camper should bring a NUT FREE snack to camp each day. Students staying for Lunch Bunch must bring their own NUT FREE lunch. As there likely will be times with campers go outdoors, we **STRONGLY RECOMMEND** that all campers bring a water bottle to camp.

Wayne Art Center is a public building and therefore, we cannot guarantee that we are allergen free; however, please refrain from packing any product containing nuts for snacks and lunches to help us ensure that Summer Art Camp is a fun and safe environment for all.

## Camp Attire

Please dress your child in appropriate clothing as some pigments and materials used in camp classes may stain. Wayne Art Center is not responsible for clothing that is damaged in art classes. Children will be outdoors during the camp day and it is important that you dress them in appropriate clothing and footwear for outdoor play. Closed-toe athletic shoes are **HIGHLY** recommended.

Please apply sunscreen prior to camp. We also recommend that you pack sunscreen for your child as campers eat, and often work, outdoors when weather permits. Bug spray is also recommended.

## Lost and Found

Campers occasionally lose and/or forget things at camp. Please label your child's possessions. A lost and found area is located at the end of the hallway outside of the front office. Any unclaimed items will be relocated to the lost and found at the end of each day. Any items not claimed at the end of the last day of each camp session will be donated or discarded.

## Behavior Standards

Students who exhibit poor and dangerous behavior may be sent home at the discretion of Wayne Art Center. In the event that this occurs, there will be no refunds or credits issued for any missed day of camp. Please review Wayne Art Center's Behavior Standards with your child each week. Policies will be provided each week upon registration.

## Mandated Reporters

Wayne Art Center staff are mandated reporters. In our professional capacity, we are required by law to report any suspicion or belief that any child under the age of 18 might have been abused and neglected. This includes leaving a child unattended in a car.

## Ceramic Artwork Pick-Up

Ceramic artwork needing firing and some special projects may not be ready to take home on the final day of class. Wayne Art Center will provide specific pick-up instructions as needed for each class, and parents will be emailed once work is ready for pickup. Please pickup children's projects within two weeks of class end. It is recommended that you bring your child with you to help identify their projects. All unclaimed items will be recycled after September 25.

## Accessibility

Wayne Art Center is accessible to students with disabilities. If you require special assistance, please let the Camp Director know at **610-688-3553 x 208**, two weeks prior to the start of camp. We will be happy to accommodate your needs.
